No. 13

REGULAR SESSION.

OF THE CITY COUNCIL.

Legal Point Raised—Council Will Investigate Charge Against Chief Dean.

There was a full attendance of members at the meeting of the city council last evening.

The minutes of the preceding meeting were read but before their adoption Ald. Boyle brought up the question of the legality of the council's action at the last meeting in raising a salary already fixed without a motion to reconsider. A discussion ensued and Ald. Boyle introduced a motion to secure the opinion of the solicitor which was ruled out of order at the time. He introduced later in the evening and it went to a vote, being lost. Some words were added to the motion over which the discussion arose and the minutes adopted.

A deputation consisting of Messrs J. A. McDougall, Donald Ross and F. F. Tims waited on the council and presented the petition asking the council to purchase the Exhibition grounds. Mr. McDougall addressed the council urging them to submit the by-laws on the ground that the property was at present worth more than was being asked for it and that the city needed a park. The Association feared lest the shares should get into the hands of a few speculators and be sold for purposes other than those for which they were secured.

Ald. Griesbach wanted to know if there was a stipulation in the agreement with the Hudson Bay Co. requiring the property to be used only for exhibition purposes. Mr. McDougall was not certain but thought that the provisions of the agreement were not binding after the certificate had been secured. Mr. Ross said there was no such restriction in the transfer. The matter was left in the hands of

the Streets and Parks committee for report.

J. H. Johnston chief of the fire brigade addressed the council on several matters in connection with the brigade needing their attention. The Fire Market and Civic buildings committee were asked to go into the matter and given power to meet the immediate needs of the case, they to report on the suggested alterations to be had at the next meeting.

Mr. Robson of W. H. Clark and Co. addressed the council asking for an early reply to the tender of the company for the old engines and boilers at the power house. A committee was appointed comprising Ald. May, McLeod and Fraser to report at the next meeting.

On request several names which had been omitted by error were added to the voter's list.

Frank Novik wrote charging the chief of Police with an irregularity. It was decided to hold a special meeting of the council on Monday evening, 30th inst., to investigate the charge.

Inspector Strickland forwarded a communication from the Commissioner of the Mounted Police, saying that the government would be willing to pay the proportion share of the cost of a new sidewalk along Jasper avenue east. The letter was filed, pending further action.

Candy and Co. wrote enclosing a cheque for \$13 for one month's rent of a house on Jasper avenue, the property of the city. Alderman Picard reported verbally on the matter and recommended the acceptance of the cheque. The report was adopted, the company to be informed that the rent hereafter was payable to the city and that no commission for collection of same would be allowed.

Mayor Urquhart of Toronto asked the assistance of the council in petitioning the Dominion Parliament to alter the charters of telephone companies making it necessary for them to get the consent of a municipality before erecting poles or installing conduits along its streets. Also in asking the Government to take over the long distance telephone lines. The Mayor and Secretary were instructed to sign the petitions.

A letter from Dr. Wade about public libraries was left with the special committee for report.

A Report from the engineer about the trunk sewer and water extensions for the West end was read saying that the plans and profiles would be ready Friday. The matter was left over until after the appointment of the Commissioners.

The Secretary read a letter from the City Solicitor about the insurance problem. The Companies had refused to alter a clause which he thought should be made clearer and it was apparently a case of insurance and the clause or no insurance and no clause. Alderman Griesbach, chairman of the committee having the matter in and reported regarding the measures which had been taken for the insurance of the new city hall. The report was adopted and the secretary instructed to pay the premiums in the various policies and have the policies put on at once.

Reports from the Medical Health officer were read and adopted. The secretary was instructed to send bills to the parties in the city who were using water for skating rinks for that amount of water so used. An account from the Edmonton District Telephone Co. for \$616.81 for extras was referred to the finance committee and the City Solicitor for report.

The fire, market and civic buildings committee were asked to look over the new city fire hall and if found satisfactory were empowered to take over the building and have the hold back paid.

The secretary was asked to bring down reports as to where Mr. Chapman was employed by the town, how much he had been paid him for services and when; also a report showing the number of civic employees and their salaries.

It was ordered that sheets containing the additions to the telephone list be printed and distributed to customers.

Ald. Picard recommended a case to the attention of the Relief committee and Ald. Boyle suggested that it would be advisable to empower the committee to expend on their own initiative a reasonable sum in emergency cases.

The meeting then adjourned.

IMPORTANT AUCTION SALE OF FURNITURE . . .

Thursday, January 19th

Commencing at One o'clock sharp.

BULLETIN CO. LTD. Edmonton, Alta.

WEDNESDAY, JANUARY 18, 1905.

A TRIFLING ERROR.

Monday's issue of the Calgary Albertan contains the following item, published without date line or other indication of its origin or authorship.

"The employees of the Edmonton printing offices have gone on strike, demanding, it is understood, the Winnipeg scale of \$18."

"Both newspapers, the Bulletin and the Evening Journal, have necessarily had to cease publication, pending a settlement of an adjustment of differences."

After the full explanation of the situation published in yesterday's edition of the Bulletin it is only necessary to point out that the printers did not go on strike, that the trouble did not arise over the scale of wages to be paid and that neither Edmonton papers has missed an issue.

The remainder of the item is substantially correct.

WANTS TO BE A CAPITAL.

In an editorial on the question of Provincial Autonomy the Calgary Herald says:

"With Manitoba demanding with some justice and energy, the extension of her borders toward the westward, there is a probability that the western boundaries of that province will be brought far enough toward central Assiniboia as to make Calgary's claim to the capital of one of the new provinces, if two are formed, incontrovertible. This at least is the present trend of events."

Object to Being Annexed.

The difficulty in the way of extending Manitoba's boundaries westward is that the people particularly interested decline to be annexed. The Moosomin Spectator, published in the territory which Manitoba would like to secure, says in its last issue:

"We believe that the large majority of people of the Territories are opposed to the extension of the Manitoba boundary westward and, since the putting of all the Territories under one Government might in time give the new Province a preponderating influence in the Federal affairs, the creation of two new provinces would best meet wishes of the Territorial people."

"There is no disguising the fact that the present rulers of Manitoba are looking with hungry eyes towards the Territories and would consider themselves fortunate in having a large slice of Assiniboia affixed to their Prairie Province. But there are features of the Governmental system of Manitoba upon which the people of Assiniboia, the ones most directly concerned, do not look kindly.

"The Territorial affairs may not have been managed the best way possible, but we venture to say they have been managed more economically and wisely than the affairs of Manitoba, and from the experience of the past the rulers of the Territories either of one or two Provinces, may better be trusted with the management of affairs than Manitoba with its adoption and absorption of old provincial ideals, not always compatible with western needs."

BULLETIN CO. (Ltd.)

It would seem that we are now in for

Three Months
of Steady Cold
Weather

If it was to last only a few days or weeks, then any kind of a Heating Stove would tide you through, but for a long spell of cold weather where you need your house warm night and day there is no Stove on the market so well adapted for heating as the

"Riverside Oak"

It will heat two rooms at once. It has a hot air pipe attachment and it will take the cold air from the floor, heat and distribute it into any room the Hot Air Pipe is carried into, without burning any more fuel. It burns equally well Coal or Wood and the price is very low considering its efficiency and economy.

Ross Bros. Limited have handled this Stove for a long time and can conscientiously recommend it as sure to please. Have you seen the New Steel

Monarch Range

guaranteed all Steel and Malleable Iron. The top of this Range is ground to a finish, just the same as a Fry Pan or Kettle and can be used for Frying and Toasting just the same as a French Top Range. The Ovens are the most uniform of any Ranges made. The water fronts are so modelled that they will heat twice the water of an ordinary Range. It burns either Wood or Coal equally well and will heat up quickly and on a less quantity of fuel than any other range made.

See the One in our Window

they are beauties and the price is not so high as you would expect to pay for so good an article. We keep everything in Kitchen Utensils and truly think we can give you better value than any other House in the West.

Ross Bros.
Ltd.

HOCKEY NOTES.

There was little to complain of from the standpoint of the spectator in Monday's hockey match. The game was swift from start to finish and the interest was sustained by the fact that no scoring was done until within a few moments of "time."

There was a very satisfactory absence of rough play. The collisions and mix-ups inseparable from fast hockey were plentiful but deliberate tripping or checking intent to do more or less grievous bodily harm were rarely indulged in. Only twice was punishment found necessary and these cases were only severe enough to call for the two minute rest on the fence.

Little fault was found with the referee and though the "off sides" were frequent the spectators bore patiently with the temporary delays in facing off, preferring to have hockey according to "Hoyle" than a continuous performance regardless of rules.

The most unpleasant feature of the game was the long wait before the match began and at half time. The latter delay was probably necessary as the players were thoroughly rubbed down after the fast work of the first half. But the delay in calling the games should be shut out. Monday's game was scheduled for 7:45 but began so late that with allowances for delays during its progress the match was not concluded until nearly ten o'clock. The crowd very naturally grew impatient and if the offence were permitted to become a habit the attendance would probably diminish. The "Time" rule of the Stephens cup might well be applied to all games and the teams be forced to face off at the announced time or forfeit the game.

HOTEL IMPROVEMENTS.

The Edmonton hotel has undergone considerable improvements during the past three months. A full sized basement has been excavated under the building to provide accommodation for card rooms, laundry, heating plant, store rooms, wash rooms etc.

The floor of the rotunda has been covered with linoleum. Water service and steam heating apparatus have been installed throughout the building.

OLDS AGAIN DEFEATED.

The touring Olds hockey team again went down to defeat last night before the Stratford team with a score of 5 to 2 against them. The game was fully as fast as the one of Monday evening, the visiting team being considerably more aggressive.

During the game Clemens the Olds' coach's point was struck in the eye with a stick. The injury though painful is not regarded as serious, the eye ball not having been broken. The Olds team left for Wetsaskiwin this morning where they play tonight. They also play Red Deer and Innisfail en route home.

LICENSE COMMISSIONERS

The License Commissioners appointed for the current year for district No. 8 are:-

Geo. T. Bragg, Edmonton.
Edward Chevigny, Morinville.
Orlando Bush, Strathcona.

For District No. 12, the Commissioners are:-

G. Cloakley, Olds.
R. M. Archer, Innisfail.
John C. McKey, Wetaskiwin.

AS OTHERS SEE US.

Regina West.—Edmonton is quite jubilant at having secured the two main concessions from the G. T. P., first that Edmonton shall be the main divisional point between Winnipeg and the Pacific terminal, and second, that the city is to be given wholesale status as regards freight rates. These were the points emphasized by Mayor Short when he announced the result of the negotiations with the company which he, together with John A. McDougall, had carried on with Frank W. Morse, vice-president of the company, during their recent visit to Chicago. It is indeed acknowledged that the company is getting good value for these concessions in the way of bonuses and exemptions, but the citizens are just at present content to look only on the rosy picture of the town as a great railway centre in the near future and there is little doubt that the necessary enabling by-law will carry by a substantial majority.

Lethbridge News.—An Edmonton dispatch states that an agreement has been made with the Grand Trunk Pacific, subject to ratification by the tax payers, under which that city will be made a divisional point, conditional upon the company being paid a bonus of \$100,000. The dispatch further states that the greatest enthusiasm prevailed over the proposition. Whether the Edmonton people are to be congratulated on their deal may be open to question but they evidently know a good thing when they see it.

GENERAL BRIEFS

Calgary Herald.—Mayor Emerson is writing the chief executive of towns in Alberta and British Columbia, asking them to make their presence known any time they happen to be in Calgary, that he may show them the courtesies of the city he proposes to establish in this manner a cordial feeling between the adjacent towns and this city.

Calgary Herald.—The new scale of water rates is being put into effect and users will have no difficulty in noting a very serious increase in the amounts of their bills, when they are rendered. The minimum is \$12 per annum, and even a very small family in a very small house, with the barest kind of modern conveniences, will total up to \$20. A house costs \$2.

Ponoka Herald.—That Lamerton is on the progressive move there is no gainsaying, for the town is getting into first rate shape. Within the past month the town has been a surprising improvement to note. Mr. Jarvis is erecting a large livery barn, and G. W. Merkley has a large building under construction which he intends to utilize as an implement store. Mr. Merkley has an eye on the future, and is rear-ing the upper apartment for pub lic hall purposes.

Wetsaskiwin Times.—A large party of O. P. R. surveyors left this week to extend the survey on the line east of town. A substantial 80 foot steel bridge, for the crossing of the Pipe stone is now on the siding. It required two flat cars to convey it. Material for the new line is continually arriving. At present there are about 25 miles of steel, 30,000 ties, 13,000 fence posts, and 1,000,000 feet of bridge timber on the siding here.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz—Persons of eighteen years and over and joint stock companies holding free miners' certificates, may obtain free for mining location.

A free miner's certificate is granted for one or more years not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 by 1,500 feet by marking out the same with two legal posts bearing location notices out at each end of the line of the lands or veins.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permittees may be granted by the Minister of the Interior to locate

claims containing iron and mica, also copper in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent. The Placer Mining, Manitoba and the N. W. Territories—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory—A dredger may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but when a person or company has obtained more than one lease, one dredge for each fifteen miles, or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the leases.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$10 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory—Creek, gulch, river, and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing postes. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent. on the value of the gold shipped to the Yukon Territory to be paid to the Comptroller.

A free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same person may hold any number of claims, and free miners may work these claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined by notice by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rate of \$50 for each mile of frontage and one-half per cent. of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and if less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum and the Minister may reserve for an individual or company, having machinery, on the land to be prospected, an area of 40 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 per acre, subject to royalty at such rate as may be specified by order-in-council.

RUSSIA'S THREATS.

AGAINST TURKESTAN AND CHINA.

Russia Seize Chinese Town — The Dalai Lama Turns Up Again.

Paris, Jan. 18—Russia has threatened to invade North China and Turkestan if China continues to discriminate against Russia.

The Governor Wants peace

Bulletin Special—
Shanghai, Jan. 18—The Chinese government complains that the Russians have occupied Kung-ting, the governor of which appealed to the Chinese government to open negotiations for the withdrawal of the Russians.

May Treat with Russia

Beijing, Jan. 18—The Dalai Lama who fled from Tibet when Young-kuang's expedition entered the sacred city intends going to Kiasota for purpose of negotiating with Russia.

Firemen Overcome by Smoke.

Bulletin Special—
Chicago, Jan. 17th.—Despite the united efforts of the city fire departments, an unseen fire in the beef storage building of the Schwarzschild plant at the stock-yards has produced a dense smoke for more than twenty-four hours, and caused the temporary asphyxiation of thirty-three firemen and helpers, and the loss is \$600,000.

Dawson Badly Whipped

Bulletin Special—
Ottawa, Jan. 17th.—The Gold-diggers were entirely outclassed last night by the Stanley Cupholders by the won-losel score of 23 to 2 in favor of Ottawa. It could have been a bigger score for the locals.

Frontage for G.T.P.

Bulletin Special—
Fort William, Jan. 17th.—The surveyor-general will meet the Indians of Mississauga this afternoon to negotiate for 16,000 acres of land, it is said for the G. T. P. The G. P. R. this spring will build a \$3,000,000 cleaning elevator and 25 miles of additional trackage.

Explosion Narrowly Averted.

Bulletin Special—
Lethbridge, Jan. 17.—A horrible explosion was averted this afternoon at Dr. Gabrath's. Workmen spilled a gasoline can before the furnace. The liquid caught fire but was extinguished by the brigade.

Minto Speaks of Canada

Bulletin Special—
London, Jan. 18th.—Lord Minto speaking at London on the proposed Colonial conference and the question of preferential treatment said Canada could not wait for ever. The United States are seeking reciprocity with Canada in the hope of stealing her away from Britain. In connection with the dissolution it is a curious fact that 78 ministerial members have already announced their intention to return to the Conservative party. The names include Sir Michael Hicks Beach, Right Hon. C. T. Ritchie and Sir John C. R. Coblem. Others like Winston Churchill are leaving the Unionist for the Liberal ranks.

NARROW ESCAPE.

FROM BURNING HOUSE.

Mrs Billeau of Spruce Grove Brought to the General Hospital Here

Mrs. M. Billeau of Spruce Grove was brought to the General Hospital yesterday for treatment for very severe injuries received in a fire on Monday night, which destroyed their household furniture and partly ruined the house occupied by Mr. and Mrs. Billeau, on the farm of D. Rivest, west of the village.

It appears that Mrs. Billeau got up during the night to attend to a restless child, and in setting the lamp on a table it exploded, scattering burning oil in every direction. Mrs. Billeau's cries brought to her rescue her husband and his brother who was stopping in the house, and after considerable difficulty they extinguished her burning clothing, but not until she had been very severely burned. The mother and child were placed in as safe a position as possible, and Mrs. Billeau went up-stairs to procure some clothing. By this time, however, the flames had made considerable headway in the room below, and rushing up the stairway buried his return. He sprung from an upper window, and in falling received severe injuries to one foot.

By the utmost exertions, the flames were finally extinguished, but not before the furniture was practically ruined and the interior of the house badly damaged.

Speech From the Throne.

Following is the text of the speech from the throne at the opening of the Dominion Parliament on Wednesday—

"Hon. Gentlemen of the Senate:

"Gentlemen of the House of Commons:

"I desire on this occasion to assure you how sensible I am of the great honor conferred on me by the King, in appointing me to the distinguished position of governor-general.

"My pleasure in being called upon to represent His Majesty in the Dominion has been heightened by the cordial welcome I have received on all sides and from all classes.

"This favored land, with all its vast resources and improving facilities for transportation, is attracting people on an ever-increasing scale, not only from the United Kingdom, but also from the United States and from many other countries.

"As the opportunities for settlement under the advantageous conditions which exist is better known, this Dominion will become the home of an increasing number of happy and contented people whose character and prosperity will add strength to the great empire of which you are so important a part.

"It is gratifying to note that the trade of the Dominion, which in recent years has so steadily increased, is not diminishing, the aggregate trade for the last fiscal year being the largest on record. The revenue for the past six months is also greater than for the corresponding period of the preceding year.

"On the invitation of the President of the United States, my government has joined in the formation of an international commission composed of three representatives from each country, to investigate and report upon the condition and uses of the waters adjacent to the boundary line between the United States and Canada, and to make such recommendations for improvements and regulation as shall best subserve the interest of navigation in said waters.

"The rapid growth in the population of the Northwest Territories during the past two years justifies the wisdom of conferring on these territories provincial autonomy. A bill for that purpose will be submitted for your consideration.

"The surveys necessary for the location of the line of the national transcontinental Canadian railway are being vigorously prosecuted, and it is confidently believed that tenders for the construction of several sections may be invited during the coming season.

"The display of Canadian products made last year at the St. Louis exposition proved a marked success in attracting agriculturists to the western prairie.

Gentlemen of the House of Commons:

"The accounts of the last year will be laid before you. It will be satisfactory to you to learn that the expenditure has been less than the revenue leaving a surplus over all charges.

"The estimates for the coming year will be submitted at an early date; they have been prepared with a due regard for economy consistent with the development of the resources of the Dominion.

"Hon. Gentlemen of the Senate:

"Gentlemen of the House of Commons:

"I invite your best attention to the subjects I have mentioned and invoke the Divine blessing on your deliberations.

NOTICE

NOTICE IS HEREBY GIVEN that an application will be made to the Parliament of Canada at the next session thereof for an act to incorporate the Moose Jaw and Edmonton Railway Company, with power to construct a railway from a point on the line of the Canadian Pacific Railway Company, at or near Moose Jaw, in the district of Assinibola in the Northwest Territories to a point on the Elbow of the South Saskatchewan River and thence in a Northwest direction to Edmonton, with such powers as are usually given to railway companies, the works thereof to be dedicated for the general advantage of Canada.

Dated at Ottawa this 23th day of December, A. D. 1904.

McGivern & Haydon,

Solicitors for Applicants.

SW-19-tf

NOTICE

Notice is hereby given that at the next session of Parliament an application will be made by the Canadian Northern Railway Company for an act extending the time for the construction of the Company's uncompleted lines of railway; and authorizing the Company to lease or acquire running powers over the lines and leased lines of the Great Northern Railway of Canada, and the Chateauguay and North-

Sunlight Soap

is guaranteed perfectly pure, genuine, and free from adulteration—all dealers are authorized to return purchase money to anyone finding cause for complaint. Therefore you lose nothing by trying Sunlight Soap and you will agree with millions of other women that the Sunlight way is the only way to wash clothes.

Toronto

ern Railway Company, and the Irondale, Bancroft and Ottawa Railway Company, and the Quebec, New Brunswick and Nova Scotia Railway Company, and the James Bay Railway Company, or any of them, or to purchase such lines or any of them or to amalgamate with the said Companies or any of them, also authorizing the Company to construct the following lines of railway:—

1. From Regina north-westerly and westerly to a point on the Red Deer River in the District of Alberta, with a branch line west of the South Saskatchewan River and running northerly to a point in township 45, range 4 west of the 3rd Meridian, in or near Carlton on the North Saskatchewan River.

2. From Regina northerly to or near Humboldt, thence north-easterly down the valley of the Carrot River to a point at or near the Paa Mission on the Saskatchewan River.

3. From the point on the Main Line of the Canadian Northern Railway between Humboldt and the South Saskatchewan River northeasterly to a point at or near the crossing of the South Saskatchewan River by the Prince Albert Branch of the Canadian Northern Railway.

4. From a point on the Main Line of the Canadian Northern Railway west of Battleford into Battleford.

Z. A. LASH,

Solicitor for the Applicant.

Toronto, December 22nd, 1904.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purpose, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Wetcaskiwin, or the local agent for the district in which the land is situated, receive authority for some other to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, counterfeited in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the

Long Walk.

Laframboise, was captured by the local R. N. W. M. on New Year's day and taken to the Police Court. Hogg to Medical Hat on Thursday morning.

On Friday, Dec. the 30, Corporal Spalding, in charge of the local force, received a wire with the vague information that the man wanted was supposed to be somewhere between Saskatoon and Saskatchewan Landing. This being in his district he started at once with two officers, Hogg and Nicholson, to locate the man, on a meagre clue, in a stretch of over 120 miles of prairie. They made 40 miles on Saturday, and on Sunday morning found themselves in a whirling blizzard in Assinobia, with all trails covered and exposed to the bitter cold—a pleasant New Year's greeting. But under cover of the storm they pushed on through the sand hills and at 1.30 p.m. during a lull in the gale they struck the Breed Settlement, south-west of Dundrum, where they found about 80 breeds celebrating the New Year. Corporal Spalding entered the nearest shack, while officers Hogg and Nicholson stood guard over the crowd many who were in a tipsy state.

Laframboise luckily was in this shack having just ridden up on his broncho, the Corporal recognized his man, who, to escape detection, had cut off a tell-tale mole on his cheek. When told he was wanted he submitted readily, and invited the officers to a New Year's dinner in the shack. Afterwards the prisoner became ugly when his request to see his people alone was refused. Some of his friends showed fight and things began to look interesting when Officer Hogg sprang upon Laframboise from across the room, and threw him to the floor where he was promptly shackled. The rest held back when threatened with the bracelets.

Some of them approached the Corporal with money, wanting to buy him over, but they found they were not dealing with the American government. One exclaimed, "Down in the States we pay money, 50 dollar to man. Everything all right. Up here in Canada policeman come—got to go! D—m!"

Returning the same day the party struck the "Policeman's Refuge,"—Mr. a'Court's, where they were properly thawed out, and on Monday reached Saskatoon where Laframboise was safely lodged in the barracks.

D. L. S. Examinations.

The annual examinations held by the Survey branch of the Interior, including students preliminary examinations for admission to the field and the final examination for commission as Dominion Land or Topographical Surveyors will be held at Ottawa, commencing on Feb. 14th.

For the convenience of western students a sitting will be held at Calgary, at the same time. Applications to write should be

HEAD

**REPORT OF THE
IRON PROPERTY
OF THE EDMONTON COAL AND
IRON COMPANY**

LOCATION.

About one hundred miles northeast of Edmonton on the north side of the Saskatchewan river and midway between Victoria and Lac La Biche in the North-West Territories of Canada.

TRANSPORTATION.

Good wagon roads from Edmonton and from Ft. Saskatchewan also south to Whitford and Battleford. The property is situated twenty miles north of the route of the Canadian Pacific Railway, near the route of the Grand Trunk Pacific and within eight miles of the Saskatchewan river which is navigable.

CHARACTER OF COUNTRY.

Comparatively flat prairie relieved with low rolling hills, which are thickly wooded with small jack pine and fir. The pine runs from five to eight inches in diameter and is suitable for fencing, building and fuel.

WATER SUPPLY.

There is a stream running through the property, which in the driest seasons yields an ample supply for all purposes; in addition there are two large lakes of fresh water on the property at least 300 acres.

DESCRIPTION OF PROPERTY.

This consists of six claims in townships 58 and 59, ranges 14 and 15, west of Fourth Meridian. The claims are named Wee Aman, Limondale, Limonite, Farm, Revelstoke, Rita and Eva, and all being fully licensed by the Dominion Government to Messrs. McAdam & Johnson and surveyed by Messrs. Saunders & Driscoll, P.L.S., in June, 1904.

CHARACTER OF MINERAL DEPOSIT.

Oxide of iron, yielding on analysis, 45.2 per cent of metallic iron on the certificate of Mr. A. L. McKillop, of Nelson, dated October 26, 1904.

OCCURRENCE OF DEPOSIT.

A stream runs through the property from north to south, and in the flat portions widens out into a large bog in which the ore is deposited for a distance of two miles in length and from 200 to 600 feet in width. The depth of the deposit is from six to fourteen feet. On the Wee Aman Claim it is from 500 to 6000 feet in width, and is a genuine bog ore. Towards the north end of the property the ground rises and the deposit is covered by several feet of gravel, but at points where the drift is cut evidences of the continuance of the deposit underneath are found.

WORK DONE.

A number of pits have been sunk, some twenty feet deep, through the deposit, and in each its continuity over the area named has been demonstrated. In addition a trench half a mile long has been cut to drain the upper or north end of the property. On the Wee Aman claim a substantial cabin and barn have been built.

QUANTITY.

The extent of the development work will not admit of a close estimate of tonnage, but I can safely say from the areas actually measured that a million tons would be well within the mark, and it is not improbable that this estimate will be greatly increased as work proceeds.

UTILITY OF DEPOSIT.

First, an excellent paint oxide for which a market could readily be found as the country opens up and railway facilities are provided.

Second, in combination with other cures for smelting and iron and steel manufacture, similar to that so successfully smelted at the Radnor Forge, Quebec, for many years.

COST OF DEVELOPMENT.

\$10,000 judiciously expended in sinking and boring would thoroughly prove the property. I believe that you would have in it a most valuable asset and one easily and quickly realizable, as it is more than likely from the character and occurrence of the deposit that the springs come from a stratified ore bed below which should be disclosed by boring.

Having had thirty years' experience in locating and working various iron deposits, I have no hesitation in saying that this is a valuable property, and one which will justify the expenditure recommended.

FULE.

On the banks of the Saskatchewan river eight miles south there is an outcropping of good lignite coal running from 45 to 50 per cent in fixed carbon. This is easily accessible and available for fuel purposes.

Signed.

W.M. BLAKEMORE, M.I.M.E.
Greenwell Medalist, 1904.

A foaming glass of

**Abbey's
Effervescent
Salt**

in the morning drives away the indigestion, biliousness and constipation of yesterday—brings health, strength and energy for the days to come.

AT ALL DRUGGISTS, 25¢ AND 60¢ A BOTTLE

Croup

Mothers, never be without Hirst's Pain Exterminator in the house.

No telling what night croup may attack the baby.

With this family medicine handy, there's no danger of losing the little ones.

**Hirst's Pain
Exterminator**

dissolves the phlegm in the throat—heals the inflamed lungs—cures the croupy cough—and sends baby into a natural, healthful sleep. It's a medicine for everybody—young and old. Cures rheumatism, neuralgia, headache, toothache, sprains, bruises, burns—pains of all kinds and any kind.

MRS. JAMES BOUTINER
OF ST. CLOUD, MINN., WRITES:

"I could not do without Hirst's Pain Exterminator in the house. It is the medicine and relief from pain that I have met with. You may judge by the quantity we have used in six years that we have unlimited confidence in it."

At all dealers, 25¢ a bottle.

New Year's day and take
Policeman Hoggs, Mr. Medic
Hat ga, telephone system, a
gating system, all owned
operated by the city.

Board of Trade:—President, J. R.
Morris, Secretary, F. F. Tims.
Immigration Officer, C. W. Sutter.
Educational Institutions—Public and
separate schools, high school, Alberta
College.

CHURCHES—Roman Catholic, Anglican, Presbyterian, Methodist,
Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for
Strathcona 7:45 and 15:30. Arrives from Strathcona 9:15 and
16:50.

LOCAL

—Train on time.

—The Saskatoon Phenix sighs "for the
electric belt of patriotic citizenship to in-
still new life into the board of trade".

—Calgary Albertan.—J. W. Lewis was
discharged from custody on Saturday by
the court en banc, which is sitting here at
present, having been held here to be handed
over to the local authorities of South Da-
kota.

—Portage intermediates beat Virden at
hockey 9 to 4 on Monday evening.

—The second game in the Peterson cup
series will be played between the Strath-
cona and Edmonton hockey teams on
Strathcona ice tomorrow evening.

—A frame building, used as sleeping
apartment for the miners at the Edmonton
Coal Co's mine was destroyed by fire
yesterday.

—It is reported in the city today that
the residence of D Corbett, of Horse Hills,
was destroyed by fire Monday night.

—A small log outbuilding at the Strath-
cona brewery used as sleeping apartment
for one of the employees was burned last
night.

—The regular meeting of the Alberta
College Literary Society on Friday
evening will take the form of a
skating party. The college rink is
being enlarged when completed will
accommodate a large party of skaters.

—B Surgeon has joined the teaching
staff of Alberta College.

Mrs Pateman returned on Saturday
from a visit to the old country
accompanied by Mr. Percy Bateman
who intends to make his home here.

—Strathcona Chronicle.—Mr. Chas.
Smith, better known as "barrel Smith",
who brought down some very rich speci-
mens of minerals from the north some time
since, started pr stage for Athabasca
landing on Tuesday, from whence he will
proceed to the far north with a dog train.
Miners and prospectors are usually very re-
lentient regarding their movements, but as
far as we can learn Mr. Smith has a strong
American company behind him, who pur-
pose developing the resources of the
country in the neighborhood of Athabasca
Lake, and Mr. Smith has gone to secure
some of the country previously prospected.

Vancouver News Advertiser.—Mr. Oscar
Brown, the well known Water Street
commission merchant, left yesterday for
Edmonton to open the branch business
there in which Lord Aberdeen will be a
joint partner and will handle a large
amount of the fruit and other produce of
the Coldstream ranch. At Sicamous he
will be joined by Mr. W. C. Richardson,
Manager of the Coldstream ranch. He
was accompanied by Mr. B. A. Oldstead
who has been connected with the Van-
couver office for a number of years and
who will act as Manager of the branch.

PERSONAL

Chief of Police Dean is at Beaver
Lake.

Wesley George returned from Ontario
last night.

Father Jan went to Calgary today.
He will return Saturday.

J. B. Beauchamp came in on Monday from
Candy, N. D., to look over the country.
He may locate here.

DAILY EDMONTON BULLETIN, WEDNESDAY, JANUARY 18, 1905.

by appointed Returning Officer, and
Kenelm Collings, Deputy Returning
Officer, to take the votes at the
time and place aforesaid.

(8) The said Council Chamber at the
hour of 12 o'clock on Saturday, the
28th day of January, 1905, is hereby
fixed as the time when and place
where the Mayor will be present
and will make all such arrangements
as he shall be requested to make of persons to attend at the polling place, and at the final sum-
ming up of the votes by the said Secretary-Treasurer on behalf of the
persons interested in promoting or
opposing the passing of the By-law.

(9) The said Council Chamber at the
hour of 3:30 p.m. of the said 28th day of January is hereby fixed as the place, and time when and when
the Secretary-Treasurer shall sum up the number of votes given for
and against this by-law.

Passed in Council, this 3rd day of January, 1905.

K. W. MCKENZIE, Mayor.
GEO. J. KINNAIRD,
Secretary-Treasurer.

Public Notice is hereby given that the above is a true copy of a proposed by-law which has been introduced, and which may be finally passed by the council in the event of the assent of the burgesses being obtained thereto, after one month from the 5th day of January, 1905, being the date of the first publication of the said proposed by-law in the "Edmonton Bulletin," a newspaper published in the City of Edmonton, and that Monday, the 30th day of January, 1905, between the hours of 9 a.m. and 5 p.m. at the Council Chamber, Edmonton, the voting on the proposed by-law will be held between the hours of 9 a.m. and 5 p.m.

G. J. KINNAIRD.

Great..
Blouse
Reduction

Every Fancy and Fashion among
them—the crisp one of Lustre, the
soft Cashmere, French Flannel and
Flannelette beauties, Smart Waists
of Silk. But with all their charms
we are going to clear them out this
week at the big reduction of?

25 PER CENT.

Without an exception.
Make out your list and join the
throne.

ANOTHER...

SENSATION

The balance of our Ready to Wear
SKIRTS we have determined to move
off this week also at sweeping reduc-
tions. Take notice of the cut in prices
given below.

	Regular	Sale
Black Skirts	\$2.50	\$1.95
Navy Blue and Black	4.00	3.35
"	5.00	3.95
"	6.50	5.15
Black and Fancy	7.50	5.75
Venetian Cloth	9.00	7.35
"	10.00	7.95

And many other cuts just as deep.

Remember these cuts are only for this
week and join the procession.
